Introduction

After the success of the previous editions of **CEE** conferences under the name "**CGE**" (**Conférence sur le Génie Electrique**, with **ten editions**), the first edition of **CEE** will be held from April 22nd to 23rd, 2019 at Ecole Militaire Polytechnique (EMP), Algeria. Located about twenty kilometers east of Algiers in the municipality of Bordj El Bahri, EMP benefits from the advantage offered by the immediate proximity of the capital with its important pole of training establishments, research structures and its very diverse industrial manufacturing. This conference is intended as a tradition offering open forum and meeting space for researchers working in the field of electrical engineering. For this new edition, the topics include, but are not limited to :

- Networking and Communication Systems
- Analog and Digital Signal processing
- Embedded Systems
- Antenna Systems, Propagation and RF Designs
- Laser, Photonic and Optoelectronic
- Automatic, Control and Navigation Systems
- Computer Vision and Image Processing
- Electrical Machines and Power Electronics
- Electromagnetic Compatibility
- Internet of Things (IoT) and Data Analytics

Important Dates

• Regular papers

- Paper submission due : January 15, 2019
- Authors notification : March 15, 2019
- Camera-ready submission : March 25, 2019
- Conference date : April 22-23, 2019

• Tutorials

- Tutorial proposal : March 01, 2019

• Demos

- Demo proposal : March 01, 2019

• Panels

- Panel proposal: March 01, 2019

Instructions for authors

Authors are kindly invited to submit papers of up to 10 pages (including figures, tables and references) that must follow the **LNEE** (**Lecture Notes in Electrical Engineering**) formatting guidelines. Papers should be written in English, carefully checked for grammar and spelling, addressing one or several conference topics. Latex style files can be found on the [springer website](#), which also contains Office Word instructions.

Contributions have to be submitted electronically through the conference portal. **Please check the conference website for more details.**

Only original work will be considered. Hence, authors should make sure that their submissions do not substantially overlap works that have been already published or simultaneously submitted to another journal or conference. Papers that contain any form of plagiarism will be automatically rejected before the reviewing process. All submitted papers will be examined thoroughly by at least two referees and all accepted and presented papers will be published in the conference proceeding.

Registration

Accepted papers must be presented by one of the co-authors or by a qualified substitute under the prior permission of the conference Chair.

All registration packages include conference bag, and give access to all conference sessions, tutorials, all lunches and coffee breaks. Students fees are applicable only to full-time students. Students must present a proof of their student status (student ID or certificate) at the registration desk.

Registration packages

- Participation fees without hosting
 - Standard **8000 DZD**
 - Student **5000 DZD**
 - Free Listener **8000 DZD**

- Participation fees with hosting
 - Standard **20 000 DZD**
 - Student **15 000 DZD**

NB: Full registration includes up to 2-nights accommodation. Prior acceptance of the conference chair is mandatory before proceeding to full registration.
